8 Reasons to Try Our All-In-One

01 →
All-In-One
Ready to use device

← 02
Compact Design
Delivers precise flavor profiles

03 →
Color Coded
Strain-specific colors and branding

← 04
Pre-Filled
True 0.5 mL extract

05 →
Short-Path Airflow
Delivers vapor quicker and more efficiently

← 06
CTEC 2.0
Ceramic heating element designed for viscous ASCND oils

07 →
Long-Lasting
380 mAh battery, up-to 100 draws

08 →
Premium Finishes
Durable soft-touch coatings

NEW

All-In-One

Our ready to use All-In-One is back and better than ever. Known for its patented signature look, precise delivery, and compact design, we've made significant updates to deliver breakthrough performance with ultra portability.

ASCND

ASCND live whole plant oils are high cannabinoid, full spectrum, single origin extracts. These oils have an ideal composition for users who appreciate heavy psychoactive effects and a true-to-strain flower or weedy taste profile, while still retaining crucial bioactive terpenes and flavonoids.
